

# Beihai City

OCTOBER 2008

Beihai City Government and British company the BW Group, sign a letter of intent in cooperation for a development on Weizhou Island.

On the morning of September 20th, the leadership of the main city in the North Sea, Wen Hua Shuji card, CAO Kun-hua, Executive vice mayor, Young Chi-yuen, vice mayor and other officials came to Beihai along with the BW Groups delegation which included the executive chairman, Bobby Wahi.

The two parties held talks to work together to develop a tourist resort on Weizhou Island in the North Sea,, and subsequently a letter of intent was signed by both parties.

Wen Hau Shuji welcomed Mr Wahi and his delegation and said that with the approval of the state council they would implement “the Beibu Gulf economic zone development plan”

North China has the first batch of 14 open coastal cities. After more than two decades of opening to the outside world, economic progress has been made in the development of infrastructure, improvement in China’s western region is the only comprehensive urban land, sea and air transport.

The BW Group visited the North Sea to discuss the cooperation in tourism projects, with a very strategic vision. After a few days of inspections

**Signing ceremony between Beihai City and the BW Group.**

in the city, and inspecting the tourism resources and investment environment Mr Wahi gained a general understanding and hoped that the two sides, through negotiations, could further their mutual understandings, deepen their friendship and reach a consensus to jointly promote the project.

Mr Bobby Wahi projected that during his visit, he was grateful for the warm reception, and

after the adoption of a 3 day inspection tour in the north sea, he found that the climate and the tourist resources were rich and had great potential for a development.

Ting signed the letter of intent that will be able to promote faster and better cooperation between the two parties. The BW Group will now accelerate the progress of the project .
